	Brief Project Description	<ul> <li>Fiddyment Apartments (the "Project") is a new construction family, mixed income Project. It consists of 11 3-story residential walk-up buildings and 1 community building. There will be 330 total units, 326 of which will be restricted between 30% and 80% of the Placer County Area Median Income (AMI). There will be 162 one-bedroom units (626 s.f.), 84 two-bedroom units (950 s.f.), and 84 three-bedroom units (1,200 s.f.). 2 two- bedroom and 2 three-bedroom units will serve as the manager's units. This project is not in a disaster relief area. The site is currently vacant land.</li> <li>Financing Structure: The Project's financing structure includes financing from tax-exempt bonds, taxable construction loan, 4% Federal Tax Credit equity (4% Federal LIHTC allocation), and State Housing Tax Credit equity and Agency's tax-exempt loan program and Mixed-Income Program (no supplemental MIP allocation). The project will be income averaged, pursuant to TCAC regulations.</li> </ul>					
		<b>Tax Credits and/or CDLAC Status:</b> The developer received an allocation for 4% federal tax credits and California state tax credits and bond cap from TCAC/CDLAC on June 15, 2022 and an allocation of supplemental tax-exempt bonds from CDLAC on September 1, 2022. The supplemental allocation was requested to add a cushion to the project's 50% aggregate basis requirement (the "50% test") which was at approximately 50% and now will increase to approximately 52%. The supplemental allocation is necessary to accommodate a potential cost increase during construction.					
		Ground Lease:	Not applicable.				
		<b>Project Amenities:</b> The Project includes a community room, swimming pool, playground, half basketball court, exercise room, picnic area, and central laundry facilities. Unit amenities will include central heating and air conditioning, dishwasher, garbage disposal, and potentially washer and dryer hook-ups in the units (residents will be required to provide their own laundry equipment).					
		Local Resources and Services: For TCAC/CDLAC purposes, the Project is located within a highest resource area per TCAC/HCD's Opportunity Area Map.					

### PROJECT SUMMARY

The Project is in close proximity to the following local amenities and services:
<ul> <li>Grocery stores – 2.3 miles</li> </ul>
• Schools – 1-2 miles
Public Library – 3.0 miles
Public transit – 2.3 miles
Park and recreation – 0.5 miles
Hospital – 7 miles
Pharmacy – 2.3 miles
Post Office – 5.9 miles
<b>Non-displacement</b> <u>and</u> <b>No Net Loss:</b> To the extent feasible, it is the Agency's priority to mitigate the overall effects upon affordable housing availability that may arise from multifamily developments that may result in permanent displacement of existing affordable housing residents and/or net loss of existing affordable housing units. The Project is a new construction project on vacant land, with no related demolition of existing affordable housing, hence no existing affordable housing units will be lost nor will existing residential households be displaced as a result of this development.
Commercial and/or Other (i.e. Parking) Space: The Project does not include commercial space.

### TRANSACTION OVERVIEW

7.	Proposal and Project Strengths
•	The developer/sponsor has extensive experience in developing similar affordable housing projects and has experience with CalHFA.
•	The Project will serve low-income families ranging between 30% to 80% of AMI. On average, the rents are between 26% to 76% below market rents based on current appraisal.
•	

• The projected portion of the developer's fee that will be collected at permanent loan conversion is \$6,266,527,

which could be available to cover cost overruns and/or unforeseen issues during construction.

• The exit analysis assumes a 2.00% increase (6.50%) to the cap rate and 3.00% increase (9.21%) to the interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent first lien and subsidy loans if the project is refinanced or re-syndicated at CalHFA loan maturity.

#### 8. **Project Weaknesses with Mitigants:**

The project consists of a total of 330 units, which may take longer to complete and stabilize. The construction lender's loan term and CalHFA's forward rate lock period are for 36 months with an option to extend for up to 6 additional months. The developer plans to advertise and pre-lease the units in advance of construction completion and anticipates the Project will be fully leased up within 8 months from certificate of occupancy. Any additional construction loan interest reserve resulting from construction loan term extensions beyond 36 months shall be absorbed by soft contingency and/or increase in deferred developer's fee.

#### 9. Underwriting Standards or Term Sheet Variations

#### None

### **10.** Project Specific Conditions of Approval

Approval is conditioned upon:

- No site work or construction commenced prior to the issuance of a HUD Firm Approval Letter.
- CalHFA requires that MIP affordability covenants be recorded in senior position to all foreclosable debt.
- The CalHFA subsidy (including the supplemental MIP subsidy loan, if any) will be, in the Agency's sole discretion, the lesser of 1) the principal amount as stated on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing.
- All MIP Loan principal and interest will be due and payable at maturity.
- The Borrower has requested that 100% of surplus cash be available for the repayment of the deferred developer's fee (DDF) until the earlier of year 15 of operations is complete or full repayment of the DDF. Thereafter, the surplus cash split shall be 50% to Borrower and 50% to Residual Receipt lender(s). As a condition of this approval, the Borrower must provide evidence that the DDF repayment structure is required pursuant to the Limited Partnership Agreement (LPA). In addition, the owner must provide evidence of investor and all residual receipt lender(s) approvals of the total deferred developer's fee structure and residual receipt split. Residual receipt lenders must also agree to defer the payments on their loans.
- Any default as to any loan by the Agency for the Development shall constitute a default under any other loan by the Agency for the Development.

### 11. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

### AFFORDABILITY

### 12. CalHFA Affordability (Occupancy and Rent) Restrictions

The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% AMI; with 30% of the total units (99 units) at or below 60% AMI and 10% of the total units (33 units) at 50% of AMI for 55 year(s).

The CalHFA MIP Subsidy Regulatory Agreement requires 10% of total units (33 units) be restricted at or below 30% of AMI, 20% of total units (66 units) be restricted at or below 50% of AMI, and 10% of total units (33 units) be restricted between 60% and 80% of AMI with a minimum average of 70% of AMI for a term of 55 years. The rents for the 60% to 80% tranche will be determined by the minimum income limit of 70% of AMI, not to exceed 80% of AMI. The remaining 194 restricted units will be restricted at or below 120% of AMI. For underwriting purposes, the initial rents at permanent loan closing must

be no less than the underwriting rent levels outlined on the "Unit Mix and Rent Summary" enclosed as part of the project's staff report package. The CalHFA permanent loan agreement will require minimum underwriting rent levels as outlined in the Rent Limit Summary Table Below.

		\$932,853 OER amount is size based on 3 months of operating expenses, first lien debt service, and annual replacement reserves deposits. CalHFA will hold this reserve for the term of the CalHFA permanent loan and in the event the OER is drawn down during the term of the loan, the OER must be replenished over a 12-month period to the original level. The equity investor is requiring an additional OER of

	A minimum of 3 to 6 months operating expense, reserves, and debt service ("OER") is required to be held for the life of the CalHFA permanent loan. The OER may be based on 3 months of total operating expense, reserves, and debt service if the developer provides evidence that, within the last 2 years, that they have received allocations from TCAC or provide a certification from a third-party accountant that they met TCAC's general partner and management experience pursuant to CTCAC regulations. The California Housing Finance Agency ("CalHFA" or "Agency") Mixed-Income Program ("MIP") provides competitive, long-term, subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product. The MIP resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of extremely low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

#### Qualifications

#### APPLICATION:

#### AVAILABILITY:

Available to for-profit, nonprofit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

#### USES:

MIP subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing. CalHFA Mixed-Income Qualified Construction Lender is defined in that section below.

#### FINANCING STRUCTURE:

Projects accessing the MIP subsidy loan funds must be structured as one of the following:

1. Tax-exempt bond and 4% tax credit project where at least 51% of the units in the project must be taxcredit-financed

OR

 Qualified mixed-income project through income averaging pursuant to Internal Revenue Code Section 42 (g)(1)(C).

#### **READINESS:**

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in the California Debt Limit Allocation Committee's (CDLAC) Regulations Section 5100.

- 1. Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include, but not be limited to, receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews. Pursuant to HUD-Risk Sharing requirements, sponsor is expected to start the NEPA process shortly after CalHFA verifies application completeness and determines that the project is ready to move forward with an initial commitment ("notification date"). The NEPA clearance and HUD's firm approval letter will be required prior to construction loan closing.
- 2. General Contractor and/or Third Party Construction Services Engagement: At the time of application, applicant must provide evidence that the applicant or developer has engaged a general contractor or third-party construction services company to provide construction services including, but not limited to, value engineering, bid/budget services, and constructability review of plans and designs. In addition, the proposed construction budget is based on the general contractor's or third-party construction services company's preliminary bid estimates pursuant to the current plans and designs.
- **3.** Disposition and Development Agreement: Applicant must provide a copy of the disposition and development agreement, if applicable.
- 4. Construction Start: All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation, unless an extension has been approved by California Tax Credit Allocation Committee (CTCAC), CDLAC, and CalHFA, as applicable. Within the 180-day period, the following items must be submitted to CalHFA in their final form:
  - a. A complete, updated application form along with a detailed explanation of any changes from the initial application,
  - b. An executed construction contract,
  - Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
  - d. Binding commitments for any other financing required to complete project construction,
  - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
  - f. Payment of all construction lender fees,
  - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement, except if the city or county as a rule does not issue building permits prior to the completion of grading, then a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
  - h. Copy of the notice to proceed delivered to the contractor,
  - If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds has occurred,
  - j. Other documentation and information required by CalHFA to close construction financing.

**Qualifications** (continued)

#### MIP ALLOCATION LIMITS:

#### (Exceptions may be considered by Agency in its sole discretion)

- Project Cap: No project may receive more than the lesser of \$8 million, or the aggregate MIP loan amount calculated based on up to \$50,000 per MIP regulated units or up to \$60,000 per MIP regulated units for a Project located within the Highest or High Resource areas pursuant to CTCAC regulations designated on the CTCAC/HCD (California Department of Housing and Community Department) Opportunity Area Map.
- 2. Sponsor Cap: No sponsor (any individual, entity, affiliate and related entity) may receive more than 20% of total MIP allocation or funding of two projects, whichever is less, for the respective year.
- 3. County Cap: No one county may receive more than 25% of total MIP allocations for the respective year.
- 4. Age-Restricted Cap: No more than 25% of total MIP funds for the respective year may be received by age-restricted projects (units that are restricted to residents who are 62 years of age or older under the applicable provisions of California Civil Code Section 51.3 and the federal Fair Housing Act), unless a waiver of the minimum age requirement has been granted by U.S. Department of Housing and Urban Development ("HUD").

#### EVIDENCE OF COST CONTAINMENT:

A Cost Containment Certification must be provided at the time of Construction Loan Closing in a form acceptable to CalHFA in its sole discretion. The certification acceptable to CalHFA may be found at <a href="http://www.calhfa.ca.gov/multifamily/mixedincome/forms/closing-cost-containment-certification.pdf">www.calhfa.ca.gov/multifamily/mixedincome/forms/closing-cost-containment-certification.pdf</a>.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures should include, but may not be limited to, 1) competitively bidding out all major subcontractor and self-performing trades and 2) engaging a value engineer/consultant during the design process.

#### EVIDENCE OF SUBSIDY EFFICIENCY:

A Subsidy Efficiency Analysis will be completed as part of the application review. The analysis will be completed again prior to construction loan closing and closing of the MIP subordinate loan. The MIP loan amount may be reduced based on the final analysis. Parameters of the analysis may include, but are not limited to, the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR") at year 1 ("Initial DSCR"). CalHFA may allow an
  initial DSCR higher than 1.20 on a case-by-case basis, if deemed necessary. The year 1 DSCR underwritten
  at the time of final loan approval and final commitment must be maintained through the term of the
  CalHFA permanent first lien loan,
- A project cash flow that supports the residential component of the project based on the required CalHFA permanent first lien annual debt service coverage ratio,
- A separate project cash flow that supports any commercial component of a mixed-use project,
- A cash flow after debt service shall be limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first three years of project operation,
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards,
- Developer Fee requirements matching those required under the 4% federal and/or state tax credit reservation,
- Capitalized reserves subject to approval by Agency for reasonableness consistent with the Agency's Underwriting Standards and the Investor Limited Partnership Agreement (ILPA),

Qualifications (continued)	<ul> <li>Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following: <ul> <li>An increase in tax credit equity,</li> <li>An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;</li> </ul> </li> <li>Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders,</li> <li>State tax credit request is expected to be within a range of \$50,000 to \$75,000 per unit.
